December 3, 2018

Dear Elmwood Park Dental Patient:

It seems like time is passing fast and our staff certainly wishes you a joyful holiday season. With the busyness of the holidays, you may or may not be aware that your dental insurance is not like medical insurance. **If you do not use your dental insurance during the insurance calendar year, the unused portion will disappear. It does not carry over into the next year!** The important thing is to make an appointment as soon as possible to assess the work that needs to be done and get you scheduled before the end of the year. Often patients wait until the end of December and there are no available appointments left. Some procedures take more than one appointment and need to be spread out at certain intervals to complete- and that takes time.

If you want to utilize your benefits for this year and not lose them, now (today) would be a great time to call for an appointment.

We look forward to hearing from you very soon.

Happy, Happy Holidays!!!!

Sincerely,

Dr. James S. Sarter and Staff
